

# The Cruise Craft Colt 1500.

Quality is never an accident.  
It is the result of intelligent effort.

The Colt 1500 sets the pace for performance, economy, quality and value for money in the half cabin category.

This is an all purpose boat, ready for fishing, overnighting or just plain fun.

The combination of a beam width of 1.975m (6'6") with a moderate shaped V hull makes the Colt 1500 one of the most stable half cabins on the market today.

With folding helmsman and passenger seats, and an uncluttered cockpit area of 2.83 square metres (30.5 square feet) you'll be fishing in maximum comfort.
