

The Cruise Craft Elite 570.

A Nichols Bros. Boat. Craftsmanship Since 1946.

Cruise Craft are proud to present a new addition to the popular 570 series.

The exciting and stylish Elite 570.

In true Cruise Craft tradition the Elite combines outstanding performance with a long and impressive list of standard features.

The forward cabin is big and bright. Over 4 square metres of well appointed interior space. Long side windows provide plenty of light and a large and comfortable V-shape berth points the way to overnight adventures for 2 people. You'll also find generous capacity side storage shelves for all your provisions, a concealed hatch for easy access to your anchor locker plus extra space for a marine toilet.

The cockpit is tastefully appointed with 2 padded, body hugging bucket seats, 2 moulded rear seats, "easy to clean" floor coverings, full length side pockets, an insulated ice box and a built-in fuel tank.

From the helm, panorama vision is all yours, through a sturdy 4 piece windshield.

The precision handling, sizzling performance and sleek, uncluttered lines of the Elite 570 are destined to make a strong, attractive impression on the Australian scene.
