

# Executive 700

# Executive 700

This top of the line Executive 700 is equipped with shower, toilet, galley, hot and cold water system and on board sleeping accommodation. Configured primarily as an on-water weekender and designed to be legally towed on Australian roads, the 700 is the kind of boat where a family can launch after work on a Friday and slip away quietly for a weekend of peace and quiet.

In designing the Executive 700, CruiseCraft has returned to its heritage roots and based the luxury cruiser range on the same proven hull technology and design criteria that has made the blue water Outsider and Explorer models so successful.

**DEFINING  
EXCELLENCE**
