- Bow Eye

This top of the line Executive 700 is equipped with shower, toilet, galley, hot and cold water system and on board sleeping accommodation. Configured primarily as an on-water weekender and designed to be legally towed on Australian roads, the 700 is the kind of boat where a family can launch after work on a Friday and slip away quietly for a weekend of peace and quiet.

In designing this innovative new range of cruisers, CruiseCraft has drawn on its heritage and based the luxury cruiser range on the same proven hull technology and design criteria that has made the blue water Outsider and Explorer models so successful. The Executive 700 is available exclusively through the national network of authorised CruiseCraft dealers.
