

# The Cruise Craft Reef Finder 533.

A Nichols Bros. Boat. Craftsmanship Since 1946.

# The Cruise Craft Reef Finder 533.

**R**ef Finder 533. This will be the most popular fishing boat we've ever produced. A workhorse to tame tough offshore conditions.

The modified V hull ensures performance in a rough chop or a rolling sea, yet the Reef Finder is also unusually "beamy" for a 5.33 metre boat. That means extra stability both at anchor and trolling.

Ready for action with underfloor storage for fuel or ground tackle, full length side pockets, under foredeck shelving and storage, separate anchor compartment, heavy duty deck hardware, anti-glare windscreen, optional seating arrangements, single motor well for outboards up to 150hp. Plus a dash board large enough to accommodate all your electronics and navigational equipment.

It's really a workhorse come packhorse.

## Specifications of The Reef Finder 533.

Length Overall	5.36m	17'7"
Maximum Beam	2.28m	7'6"
Transom Beam	2.12m	6'11"
Transom Height	.53m	1'8 7/8"
