

Outsider 625

Cruise-Craft

At Cruise Craft, we talk a lot about how offshore/bay fishing and competing in fishing events gives us an edge over our rivals.

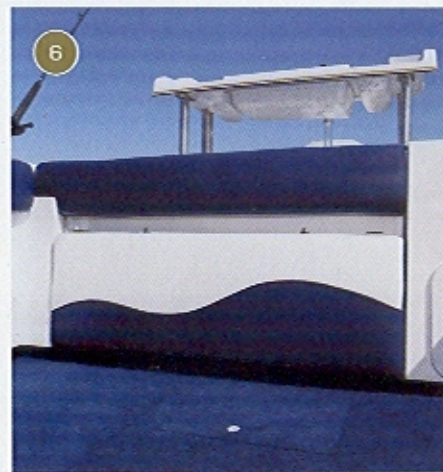

From the inside, the Outsider 625 is serious. Room to fish, room to store your gear and room for your family.

Take a look at the freeboard in the cockpit that you find on a Cruise Craft and compare it with the others. That freeboard, combined with the toe rails below the side pockets, gives Cruise Craft owners extra assurance and feeling of confidence.

Our Outsider 625 is versatile from the word go. They'll never catch you in the 625. A combination of style and performance delivers a smooth dry ride with exceptional handling because of its V hull design.
