Why spend the weekend at home when you can be out on the water, exploring, cruising and enjoying life aboard the Executive 630. This is the idyllic weekend for a couple, or a fantastic day boat with more on board.

Sterndrive power ensures a big cruising range to get to those hidden places that up until now you could only dream of. And there's no compromising comfort with the 630. The galley is well appointed, the cabin with in-fill cushion forms a spacious bed and the rear dinette is the perfect place to wind down at sunset.

Does boating get any better than this? Not when you're aboard the Executive 630.
